## Supplemental Type Certificate

Number: SR09651RC

This certificate issued to: Night Flight Concepts, Inc.  
701 Airline Drive  
Waco, TX 76705

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 27 of the Federal Aviation Regulations.

Original Product – Type Certificate Number: R00015LA

Make: Robinson Helicopter Company  
Model: R66

Description of Type Design Change:

Installation of Night Vision Goggle (NVG) Compatible Lighting System in accordance with Night Flight Concepts, Inc., Master Drawing List (MDL) Document No. 98020066-MDL, Rev. IR, dated September 14, 2015, or later Federal Aviation Administration (FAA) approved revision. Rotorcraft Flight Manual Supplement (RFMS), Night Flight Concepts, Inc., Document No. 98020066-5RFMS, Rev. IR, dated October 5, 2015 or later FAA approved revision is required.

Instructions for Continued Airworthiness (ICA), Night Flight Concepts, Inc. Document No. 98020066-5ICA, Rev. IR, dated October 29, 2014 or later FAA accepted revision is required for this installation.

Limitations and Conditions:

(See continuation sheet 3 of 3)

*This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*

Date of Application: October 27, 2014  
Date of Issuance: October 5, 2015

Date Reissued: June 8, 2017  
Date Amended:

By Direction of the Administrator

Signature

Title James A. Grigg

Manager, Fort Worth Aircraft Certification Office,  
Southwest Region

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

*(Continuation Sheet)*

*Number: SR09651RC*

Date of Issuance: October 5, 2015

Date of Reissuance: June 8, 2017

**Limitations and Conditions (continued):**

Installation of NVG compatible interior lighting system does not include or imply approval for flight operations with NVGs. The operator must receive a determination from their civil aviation authority if an approval to operate with NVGs is required. Any subsequent deviation to the cockpit/cabin configuration specified in the type design of this STC may affect the compatibility of the NVIS and will require a re-evaluation for NVIS cockpit and NVG compatibility.

The aircraft is not certificated for NVG operations until the evaluation is completed. Once the aircraft is modified with this STC, any future modification to the aircraft may also affect the compatibility with NVG and may require a re-evaluation by the FAA Aircraft Certification Office. The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission.
